

Bay Area – McNears Beach (GPS 37° 59.491' N – 122° 26.907' W)

McNears Beach is located just North of “The Brothers Light house” just around Pt San Pedro and “The Sisters”. Further along lies China Camp Anchorage. Offers good shelter from Westerlies under the cliff. Tidal flows can be strong as it ebbs and flows through the adjacent narrows into and out of San Pablo Bay. Fairly calm flat waters when wind is from the South/West. Flat depth approaches varying from 20’ to 10’. Holding was good.
